Honorable Rachel Laurie Riddle  
Chief Examiner of Public Accounts  
Montgomery, Alabama 36130

Dear Madam:

An audit was conducted on the Cleburne County Commission, Cleburne County, Alabama, for the period October 1, 2019 through September 30, 2020. Under the authority of the ***Code of Alabama 1975***, Section 41-5A-19, I hereby swear to and submit this report to you on the results of the audit.

Respectfully submitted,

Christian Kimbrough  
Examiner of Public Accounts

## Department of **Examiners of Public Accounts**

### **SUMMARY**

#### **Cleburne County Commission October 1, 2019 through September 30, 2020**

The Cleburne County Commission (the “Commission”) is governed by a five-member body elected by the citizens of Cleburne County. The members and administrative personnel in charge of governance of the Commission are listed on Exhibit 19. The Commission is the governmental agency that provides general administration, public safety, construction and maintenance of county roads and bridges, sanitation services, health and welfare services and educational services to the citizens of Cleburne County.

This report presents the results of an audit the objectives of which were to determine whether the financial statements present fairly the financial position and results of financial operations and whether the Commission complied with applicable laws and regulations, including those applicable to its major federal financial assistance programs. The audit was conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States as well as the requirements of the Department of Examiners of Public Accounts under the authority of the *Code of Alabama 1975*, Section 41-5A-12.

An unmodified opinion was issued on the financial statements, which means that the Commission’s financial statements present fairly, in all material respects, its financial position and the results of its operations for the fiscal year ended September 30, 2020.

Tests performed during the audit did not disclose any significant instances of noncompliance with applicable state and local laws and regulations.

### **EXIT CONFERENCE**

Commission members and administrative personnel, as reflected on Exhibit 19, were invited to discuss the results of this report at an exit conference. Individuals in attendance were: Commissioners: Emmett Owen and Terry Hendrix. Also in attendance were representatives from the Department of Examiners of Public Accounts: BriAnna Upchurch, Audit Manager; Cade Burk, Examiner; and Christian Kimbrough, Examiner.

# *Independent Auditor's Report*

## **Independent Auditor's Report**

Members of Cleburne County Commission and County Administrator  
Heflin, Alabama

### **Report on Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Cleburne County Commission, as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the basic financial statements of the Cleburne County Commission as listed in the table of contents as Exhibits 1 through 11.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in **Government Auditing Standards**, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Cleburne County Commission, as of September 30, 2020, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (MD&A), the Schedule of Changes in the Employer's Net Pension Liability, the Schedule of the Employer's Contributions, and the Schedules of Revenues, Expenditures and Changes in Fund Balances – Budget and Actual (Exhibits 12 through 17), be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

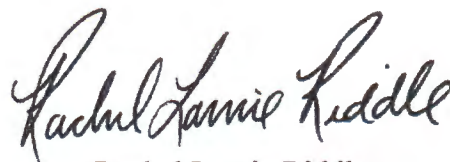

#### *Supplementary Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Cleburne County Commission's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards (Exhibit 18), as required by Title 2 U. S. ***Code of Federal Regulations*** Part 200, ***Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*** (*Uniform Guidance*) is presented for the purposes of additional analysis and is not a required part of the basic financial statements.

The accompanying Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing standards applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2021, on our consideration of the Cleburne County Commission's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing on internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Cleburne County Commission's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Cleburne County Commission's internal control over financial reporting and compliance.

*Management's Discussion and Analysis*  
*(Required Supplementary Information)*

**CLEBURNE COUNTY COMMISSION**  
**Management's Discussion and Analysis (MD&A)**  
**For the Year Ended September 30, 2020**

## **INTRODUCTION**

The Cleburne County Commission's Management's Discussion and Analysis (MD&A) provides an overview of the County's financial activities for the fiscal year ended September 30, 2020. In order to look at the County's financial performance as a whole, readers should review the financial statements along with the notes to the financial statements to enhance their understanding.

## **FINANCIAL HIGHLIGHTS**

Items to note that occurred during the fiscal year include the following:

Total funds spent on capital outlays for governmental entities were \$ 454,511.27 which included one vehicle for the Sheriff's Department, a new vehicle for the Transportation program, a new phone system for the Mountain Center, and several pieces of equipment for the Engineer's Department. The County Engineer's Department also continued the progression of the county bridge projects. For governmental activities, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources at the close of the 2020 fiscal year by \$20,233,971.55. This is an increase in net position of \$716,495.01 from FY 2019. Of the net position for FY 2020, \$15,676,620.35 is net investment in capital assets and reduced by the balance of outstanding debt. The remainder of the excess restricted for debt is \$65,429.06, restricted for road projects is \$655,226.69, restricted for capital projects is \$40,249.38 and restricted for other purposes is \$338,177.51, leaving an unrestricted balance of \$3,458,268.56.

## **BASIC FINANCIAL STATEMENTS**

The basic financial statements include the following: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to the financial statements. Below is a brief discussion of the basic financial statements, which distinguishes the relationships and differences between the statements.

**Government-wide Financial Statements** consists of a Statement of Net Position and a Statement of Activities. The Statement of Net Position is similar to a balance sheet, which shows assets plus deferred outflows of resources minus liabilities and deferred inflows of resources equaling net position. Net position reported in this statement shows the changes in net position for the current year. The Statement of Activities is similar to an income statement, which shows expenses first, then revenues offsetting the expenses for the fiscal year. Expenses are shown by function, and revenues are classified as program revenues-operating grants, program revenues-capital grants, and general revenues. Program revenues are listed at the top of the statement of activities, and general revenues, such as taxes, are listed at the bottom of the statement of activities.

These two statements report the county's financial position on the accrual basis of accounting. Also, capital assets are being depreciated. The emphasis is on the county's overall financial position and activities as a whole. The statements exclude fiduciary activities that the county only holds as trustee.

**Fund Financial Statements** provide detailed information about the commission grouped by funds. Separate fund statements are reported in three categories: (1) governmental funds (2) proprietary funds and (3) fiduciary funds. Some funds are established by law, bond covenants, or kept separate because of grants in order to properly monitor funds. The separate fund statements are summarized as follows:

- Governmental Fund Statements separate information by major funds. The General Fund is always a major fund. Cleburne County Commission has four major funds for fiscal year 2020, which always includes the General Fund. The other funds are Gasoline Tax Fund, Revenue Commissioner's Operational Fund, and RRR Gasoline Tax Fund. All other non-major funds are grouped together into a final column as Other Governmental Funds. Each year the county will have to re-evaluate each fund to see if it is still a major fund or if another fund becomes a major fund. Governmental fund statements report a short-term view of the Commission's general government operations and the basic services it provides.
- Fiduciary Fund Statements include funds not used by the Commission but held by the Commission as a trustee for individuals, organizations, or other governments. Fiduciary Fund statements focus on net position and the changes in net position. Cleburne County Commission has both Private-Purpose Trust Funds and Agency Funds. The Cleburne County Commission has included the E-911 Fund in the Fiduciary reports through December 9, 2019 when the Emergency Communications District Board created in June 2016 was dissolved. On December 10, 2019, the E-911 fund became an Enterprise Fund, which is reported on the Proprietary Fund Statements.
- Proprietary Fund Statements include Enterprise Funds. Cleburne County Commission has only one Proprietary Fund, E-911, which has transitioned from the Fiduciary Fund Statements on December 10, 2019 when the Emergency Communications District Board dissolved.

Fund statements provide a more detailed but short-term view of the Commission, whereas government-wide statements provide information about the Commission as a whole but at a long-term view. Also, fund statements are based on the modified accrual approach, which measures cash and all other financial assets that can readily be converted to cash. Government-wide statements are based on the accrual basis similar to private companies, and all revenues and all expenses are accounted for regardless of when cash is received or paid.

## **COMMISSION'S OVERALL FINANCIAL POSITION**

Below is a condensed version of the government-wide financial statements along with a brief analysis of the Commission's overall financial position. Government-wide statements divide information into two activities: (1) Governmental activities, and (2) Business-type activities. Net position can help in assessing how well a government is doing financially. Increases or decreases in net position over time can indicate whether a government is improving or not improving.

**Condensed Statement of Net Position  
for Governmental Activities  
As of September 30, 2020**

The Statement of Activities presents expenses before program revenues with a final column to show the net expense or net revenue for each activity. Overall, the net expense for all Primary Government activities was (\$3,448,136.97). General revenues offset net expense in the amount of \$4,164,631.98, leaving a total change in net position of 716,495.01 for FY 2020.

## ANALYSIS OF INDIVIDUAL FUNDS

Governmental funds presented individually in Cleburne County Commission's 2020 statements include four major funds: the General Fund (always a major fund), Gasoline Tax Fund, RRR Gasoline Tax Fund, and Revenue Commissioner's Operational Fund. The Commission reserves 20% of County Sales Tax Revenue in a "Reserve Account" within the General Fund to maintain cash on hand for emergencies and other unexpected expenses.

In FY20, the fund balance in the General Fund increased by over \$ 800,000.00 from FY19. The Gasoline Tax Fund decreased by over \$300,000 and the Revenue Commissioner's Operational Fund remained constant. The RRR Gasoline Tax Fund decreased by over \$300,000.00.

## **BUDGET**

Cleburne County Commission is mandated by state law to establish policies and procedures for submitting and adopting annual budgets for all county funds. Cleburne County Commission's 2020 budget was adopted on September 25, 2019. Throughout the year budget amendment requests affecting the overall amount of the budget are reviewed by the Commission and approved or denied by resolution; however, increases or decreases to individual line items within each department, that do not affect the overall numbers, are made with the approval of each division head, and coordinated with the finance office. Statements showing the original budget, final budget and actual budgetary amounts for the four major funds are included in the audit report.

## **CAPITAL ASSET AND DEBT ADMINISTRATION**

### **Capital Assets**

At the end of fiscal year 2020, the Commission had over \$16 million in net capital assets. This amount includes capital assets less depreciation. The county's capital assets include land, buildings, bridges, construction equipment, office equipment and furniture, motor vehicles, data processing equipment, communication equipment, other equipment, and construction in progress.

### **Debt**

At the end of fiscal year 2020, Cleburne County Commission had just over \$1 million outstanding in long term debt. This includes a general obligation warrants payable, compensated absences, pollution remediation estimate, and the net pension liability.

### **COVID-19 Impact**

While the COVID-19 public health crisis has put the County under unprecedented strain, the influx of federal funds has helped the County to be more proactive in managing the emergency. The funds have purchased personal protective equipment, hygiene supplies, and advanced technology to ensure the safety of our citizens, our employees, and our first responders.

Throughout the pandemic, the Cleburne County Commission property tax has remained constant, and local sales tax has continued to increase. While the General Fund has been unaffected overall, the gas taxes have decreased. As we enter the upcoming year, we are proceeding with caution as this pandemic presents many uncertainties.

## **CONTACT INFORMATION**

If you have any questions about this report or need additional financial information, please contact the Cleburne County Commission at 256-463-3838 or 6751 Hwy. 78, PO Box 908, Heflin, AL 36264.

***Reconciliation of the Balance Sheet of Governmental Funds to the  
Statement of Net Position  
September 30, 2020***

---

Total Fund Balances - Governmental Funds (Exhibit 3) \$ 4,999,087.85

Amounts reported for governmental activities in the Statement of Net Position (Exhibit 1)  
are different because:

Capital assets used in governmental activities are not financial resources and, therefore,  
are not reported as assets in governmental funds. These assets consist of:

Capital Assets - Nondepreciable	\$	6,029,647.92	
Capital Assets - Depreciable		10,411,325.58	
Total Capital Assets			16,440,973.50

Deferred outflows and inflows of resources related to pensions are applicable to  
future periods and, therefore, are not reported in the governmental funds.

Deferred Outflows Related to Defined Benefit Pension Plan	\$	403,003.96	
Deferred Inflows Related to Defined Benefit Pension Plan		(398,400.69)	
			4,603.27

Certain liabilities are not due and payable in the current period and, therefore, are not  
reported as liabilities in the governmental funds. These liabilities at year-end consist of:

	Current Liabilities	Noncurrent Liabilities	
Warrants Payable	\$ 200,000.00	\$ 615,000.00	
Unamortized Premium on Debt Issued	2,095.74	5,588.64	
Accrued Interest Payable	7,482.33		
Net Pension (Asset)/Liability		116,171.60	
Estimated Pollution Remediation		103,957.50	
Estimated Liability for Compensated Absences	7,373.89	211,354.60	
Total Liabilities	\$ 216,951.96	\$ 1,052,072.34	(1,269,024.30)

Losses on early extinguishment of debt are reported as deferred outflows of resources  
and are not available to pay for current-period expenditures and, therefore, are deferred  
on the Statement of Net Position.

58,331.23

***Reconciliation of the Statement of Revenues, Expenditures and Changes  
in Fund Balances of Governmental Funds to the Statement of Activities  
For the Year Ended September 30, 2020***

---

Net Change in Fund Balances - Total Governmental Funds (Exhibit 5) \$ 619,227.60

Amounts reported for governmental activities in the Statement of Activities (Exhibit 2)  
are different because:

Governmental funds report capital outlay as an expenditure. However, in the Statement of Activities, the cost of these assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlay (\$454,511.27) differed from depreciation (\$609,014.64) in the current period. (154,503.37)

Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position and does not affect the Statement of Activities.

Repayment:  
General Obligation Warrants 195,000.00

Some items reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in the governmental funds. These items consist of:

Net Decrease in Compensated Absences	\$	23,821.94	
Net Decrease in Accrued Interest Payable		1,256.28	
Pension Income		22,057.91	
Amortization of Premium on Debt Issued		2,095.74	
Amortization of Deferred Loss on Refunding		(16,666.07)	
Sub-Total		32,565.80	32,565.80

In the Statement of Activities, only the gain on the sale of capital assets is reported, whereas, in the governmental funds, the proceeds from the sale increase financial resources. Thus the change in net position differs from the change in fund balance by the book value of the capital assets sold. In the Statement of Activities, donation of capital assets is recorded as revenue, whereas in the governmental funds, it is not recorded.

Proceeds from the Sale of Capital Assets	\$	(58,450.50)	
Donation of Capital Assets		30,730.00	
Gain (Loss) on Sale of Assets		51,925.48	
			24,204.98

Change in Net Position of Governmental Activities (Exhibit 2) \$ 716,495.01

The accompanying Notes to the Financial Statements are an integral part of this statement.

## ***Notes to the Financial Statements***

### ***For the Year Ended September 30, 2020***

---

#### **Note 1 – Summary of Significant Accounting Policies**

The financial statements of the Cleburne County Commission (the “Commission”) have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the government’s accounting policies are described below.

#### **A. Reporting Entity**

The Commission is a general purpose local government governed by separately elected commissioners. Generally accepted accounting principles (GAAP) require that the financial statements present the Commission (the primary government) and its component units. Component units are legally separate entities for which a primary government is financially accountable or other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

Based on the application of the above criteria, there are no component units which should be included as part of the financial reporting entity of the Commission.

#### **B. Government-Wide and Fund Financial Statements**

##### **Government-Wide Financial Statements**

The Statement of Net Position and the Statement of Activities display information about the Commission. These statements include the financial activities of the primary government, except for fiduciary activities. Eliminations have been made to minimize the double counting of internal activities. These statements distinguish between the governmental and business-type activities of the Commission. Governmental activities generally are financed through taxes, intergovernmental revenues, and other non-exchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

The Statement of Activities presents a comparison between direct expenses and program revenues for each segment of the business-type activities of the Commission and for each function of the Commission's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function. The Commission does not allocate indirect expenses to the various functions. Program revenues include (a) charges to customers or applicants who purchase, use or directly benefit from goods, services, or privileges provided by a given function or program and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

#### **Fund Financial Statements**

The fund financial statements provide information about the Commission's funds, including fiduciary funds. Separate statements for each fund category – governmental, proprietary, and fiduciary - are presented. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds in the Other Governmental Funds' column.

The Commission reports the following major governmental funds:

- ◆ **General Fund** – The General Fund is the primary operating fund of the Commission. It is used to account for all financial resources except those required to be accounted for in another fund. The Commission primarily received revenues from collections of property taxes and revenues collected by the State of Alabama and shared with the Commission. Also accounted for in the General Fund are the self-insured vision sub-fund, the leave liability sub-fund, and the Public Buildings, Roads and Bridges sub-fund. Coronavirus Relief Funds are also accounted for in the General Fund.
- ◆ **Gasoline Tax Fund** – The Gasoline Tax Fund is used to account for the Commission's share of the statewide 7-cent gasoline tax. Revenues are earmarked for building and maintaining county roads.
- ◆ **RRR Gasoline Tax Fund** – The RRR Gasoline Tax Fund is used to account for the Commission's share of the statewide 6-cent and 5-cent gasoline taxes. Revenues are earmarked for resurfacing, restoration, and rehabilitation of county roads. Other cost sharing revenues that are earmarked for these same purposes are also accounted for in this fund.
- ◆ **Revenue Commissioner's Operational Fund** – The Revenue Commissioner's Operational Fund is used to account for the expenditures of special county property taxes for the property tax reappraisal program, the operations of the revenue commissioner's office, and for salary and benefits of the revenue commissioner.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

The Commission reports the following major enterprise fund:

- ◆ **E-911 Fund** – The E-911 fund is used to account for an emergency telephone service charge providing for the establishment of an Emergency 911 District. Prior to December 10, 2019, a separate Emergency Communications District Board was in place to oversee the services; however, on November 20, 2019, the Emergency Communications District Board voted to dissolve themselves. On December 9, 2019, the Commission approved transfer of oversight and responsibility for the Cleburne County Emergency Communications District to the Cleburne County Commission, which became effective on December 10, 2019. As a result, the E-911 Fund transitioned from the fiduciary fund statements to business-type activities.

The Commission reports the following fund types in the Other Governmental Funds' column:

#### **Governmental Fund Types**

- ◆ **Special Revenue Funds** – These funds are used to account for the proceeds of specific revenue sources (other than those derived from special assessments or dedicated for major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.
- ◆ **Debt Service Funds** – These funds are used to account for the accumulation of resources that are restricted, committed or assigned for the payment of the Commission's principal and interest on governmental warrants.
- ◆ **Capital Projects Funds** – These funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlay, including the acquisition or construction of capital facilities and other capital assets.

The Commission reports the following fiduciary fund types:

#### **Fiduciary Fund Types**

- ◆ **Private-Purpose Trust Funds** – These funds are used to report all trust agreements under which principal and income benefit individuals, private organizations, or other governments.
- ◆ **Agency Funds** – These funds are used to report assets held by the Commission in a purely custodial capacity. The Commission collects these assets and transfers them to the proper individual, private organizations, or other governments.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### **C. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows. Non-exchange transactions, in which the Commission gives (or receives) value without directly receiving (or giving) equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Revenue from property taxes is recognized in the fiscal year for which the taxes are levied.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to the general rule are charges between the government's E-911 function and general fund. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Commission considers revenues to be available if they are collected within sixty (60) days of the end of the current fiscal year. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt and compensated absences, which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. General long-term debt issued and acquisitions under capital leases are reported as other financing sources.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Commission's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Under the terms of grant agreements, the Commission funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Thus, when program expenses are incurred, there is both restricted and unrestricted net position available to finance the program. It is the Commission's policy to first apply cost-reimbursement grant resources to such programs, followed by general revenues.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### **D. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources and Net Position/Fund Balances**

##### **1. Deposits and Investments**

Cash includes cash on hand and demand deposits.

State statutes authorize the County Commission to invest in obligations of the U. S. Treasury and securities of federal agencies and certificates of deposit.

Investments are reported at amortized cost for money market investments.

##### **2. Receivables**

Sales tax receivables consist of taxes that have been paid by consumers in September. This tax is normally remitted to the Commission within the next 60 days.

Millage rates for property taxes are levied by the Commission. Property is assessed for taxation as of October 1 of the preceding year based on the millage rates established by the County Commission. Property taxes are due and payable the following October 1 and are delinquent after December 31. Amounts receivable, net of estimated refunds and estimated uncollectible amounts, are recorded for the property taxes levied in the current year. However, since the amounts are not available to fund current year operations, the revenue is deferred and recognized in the subsequent fiscal year when the taxes are both due and collectible and available to fund operations. Property tax revenue deferred is reported as a deferred inflow of resources.

Receivables due from other governments include amounts due from the state for taxes and cost-sharing, amounts due from grantors for grants issued for specific programs and amounts due from the Probate Judge.

Receivables in enterprise funds consist primarily of amounts due from Alabama Wireless for E-911 surcharges.

##### **3. Prepaid Items**

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### **4. Restricted Assets**

Certain general obligation warrants, as well as certain resources set aside for their repayment, are classified as restricted assets on the financial statements because they are maintained in separate bank accounts and their use is limited by applicable debt covenants. The General Obligation Warrants, Series 2014 account is used to segregate resources accumulated for debt service payments.

#### **5. Capital Assets**

Capital assets, which include property, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the applicable governmental and business-type activities columns in the government-wide financial statements and the fiduciary fund statements. Such assets are valued at cost where historical records are available and at an estimated historical cost where no historical records exist. Donated fixed assets are valued at their estimated fair market value on the date received. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Major outlays of capital assets and improvements are capitalized as projects are constructed.

Depreciation on all assets is provided on the straight-line basis over the assets estimated useful life. Capitalization thresholds (the dollar values above which asset acquisitions are added to the capital asset accounts) and estimated useful lives of capital assets reported in the government-wide statements and fiduciary funds are as follows:

	Capitalization Threshold	Estimated Useful Life
Land	\$ 1.00	
Land Improvements	\$ 5,000.00	20 – 30 years
Buildings	\$ 5,000.00	25 – 40 years
Equipment and Furniture	\$ 5,000.00	5 – 15 years
Roads	\$50,000.00	40 years
Bridges	\$10,000.00	40 years

The majority of governmental activities infrastructure assets are roads and bridges. The Association of County Engineers has determined that due to the climate and materials used in road construction, the base of the roads in the county will not deteriorate and, therefore, should not be depreciated. The remaining part of the roads, the surface, will deteriorate and will be depreciated. The entire costs of bridges in the county will be depreciated.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### **6. Deferred Outflows of Resources**

Deferred outflows of resources are reported in the government wide and proprietary funds Statement of Net Position. Deferred outflows of resources are defined as a consumption of net position by the government that is applicable to a future reporting period. Deferred outflows of resources increase net position, similar to assets.

#### **7. Long-Term Obligations**

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities Statement of Net Position. Warrant premiums, discounts, and deferred loss on refunding are deferred and amortized over the life of the warrants. Warrants payable are reported gross with the applicable warrant discount, premium, and deferred loss on refunding reported separately. Warrant issuance costs are reported as an expense in the period incurred.

In the fund financial statements, governmental fund types recognize warrant discounts and premiums, as well as warrant issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Discounts and premiums on debt issuances are reported as other financing sources and uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

#### **8. Compensated Absences**

The Commission has a standard leave policy for its full-time employees as to sick and annual leave.

##### **Annual Leave**

All classified and unclassified employees are eligible to earn vacation leave according to the following schedule for each month worked:

Years of Employment With the County	Leave Earned Per Pay Period	Maximum Accrual
0-5	4 Hours	360 Hours
5-10	5 Hours	360 Hours
Over 10	6 Hours	360 Hours

---

## ***Notes to the Financial Statements***

### ***For the Year Ended September 30, 2020***

---

#### **Sick Leave**

Sick leave is accrued at a rate of four hours per pay period and is capped once the employee reaches 560 hours. Employees with 10 years or more of service will be eligible to be paid for sick leave upon separation from the county as follows:

Years of Service	% of Leave Paid
10-14	50%
15-19	75%
At Least 20	100%

The Commission uses the vesting method to accrue its sick leave liability. Under this method an accrual for the sick leave liability is based on the sick leave accumulated at the balance sheet date by those employees who currently are eligible to receive termination payments.

#### **Compensatory Leave**

Non-exempt employees may earn compensatory time in lieu of overtime pay in accordance with the provisions of the Fair Labor Standards Act. An employee may accumulate up to two hundred forty (240) hours. Any overtime above this amount must be paid as overtime pay. Compensatory time will be computed at one and one-half (1 ½) times the overtime worked.

#### **9. Deferred Inflows of Resources**

Deferred inflows of resources are reported in the government-wide and fund financial statements. Deferred inflows of resources are defined as an acquisition of net position/fund balances by the government that is applicable to a future reporting period. Deferred inflows of resources decrease net position/fund balances, similar to liabilities.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### **10. Net Position/Fund Balances**

Net position is reported on the government-wide and proprietary fund financial statements and is required to be classified for accounting and reporting purposes into the following net position categories:

- ◆ **Net Investment in Capital Assets** – Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets. Deferred outflows of resources and deferred inflows of resources attributable to acquisition, construction and improvement of those assets should also be included in this component. Any significant unspent related debt proceeds, or deferred inflows of resources attributable to the unspent amount at year-end related to capital assets are not included in this calculation. Debt proceeds or deferred inflows of resources at the end of the reporting period should be included in the same net position amount (restricted, unrestricted) as the unspent amount.
- ◆ **Restricted** – Constraints imposed on net position by external creditors, grantors, contributors, laws or regulations of other governments, or laws through constitutional provision or enabling legislation.
- ◆ **Unrestricted** – The net amount of assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position. Net position is not subject to externally imposed stipulations. Unrestricted net position may be designated for specific purposes by action of the Commission.

Fund balance is reported in the fund financial statements under the following five categories:

- ◆ **Nonspendable** – Nonspendable fund balances include amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. Examples of nonspendable fund balance reserves for which fund balances shall not be available for financing general operating expenditures include inventories, prepaid items, and long-term receivables.
- ◆ **Restricted** – Restricted fund balances consist of amounts that are subject to externally enforceable legal restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments; or through constitutional provisions or enabling legislation.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

- ◆ **Committed** – Committed fund balances consist of amounts that are subject to a purpose constraint imposed by formal action or resolution of the Commission, which is the highest level of decision-making authority, before the end of the fiscal year and that require the same level of formal action to remove or modify the constraint.
- ◆ **Assigned** – Assigned fund balances consist of amounts that are intended to be used by the Commission for specific purposes. The Commission authorized the Commission Chairman or County Administrator to make a determination of the assigned amount of fund balance. Such assignments may not exceed the available (spendable, unrestricted, uncommitted) fund balance in any particular fund. Assigned fund balances require the same level of authority to remove the constraint.
- ◆ **Unassigned** – Unassigned fund balances include all spendable amounts not contained in the other classifications. This portion of the total fund balance in the General Fund is available to finance operating expenditures.

In circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended is as follows: restricted fund balance, followed by committed fund balance, assigned fund balance and lastly, unassigned fund balance.

#### **E. Pensions**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, the Employees' Retirement System of Alabama (the "Plan") financial statements are prepared using the economic resources measurement focus and accrual basis of accounting. Contributions are recognized as revenues when earned, pursuant to the Plan requirements. Benefits and refunds are recognized when due and payable in accordance with the terms of the Plan. Expenses are recognized when the corresponding liability is incurred, regardless of when the payment is made. Investments are reported at fair value. Financial statements are prepared in accordance with requirements of the Governmental Accounting Standards Board (GASB). Under these requirements, the Plan is considered a component unit of the State of Alabama and is included in the State's Comprehensive Annual Financial Report.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### **Note 2 – Stewardship, Compliance, and Accountability**

##### **A. Budgets**

Budgets are adopted on a basis of accounting consistent with accounting principles generally accepted in the United States of America (GAAP) for the General Fund, the Gasoline Tax Fund, the RRR Gasoline Tax Fund, the Revenue Commissioner's Operational Fund, and all other governmental funds with the exception of capital projects funds, which adopt project-length budgets. All appropriations lapse at fiscal year-end.

The present statutory basis for county budgeting operations is the County Financial Control Act of 1935, as amended by Act Number 2007-488, Acts of Alabama. According to the terms of the law, at some meeting in September of each year, but in any event not later than October 1, the Commission must estimate the anticipated revenues, estimated expenditures and appropriations for the respective amounts that are to be used for each of such purposes. The appropriations must not exceed the total revenues available for appropriation plus any balances on hand. Expenditures may not legally exceed appropriations.

Budgets may be adjusted during the fiscal year when approved by the County Commission. Any changes must be within the revenues and reserves estimated to be available.

##### **B. Deficit Fund Balances/Ne Position of Individual Funds**

At September 30, 2020, the following governmental fund had a deficit fund balance:

Public Highway and Traffic Fund	<u>\$92,391.57</u>
---------------------------------	--------------------

The deficit in the Public Highway and Traffic Fund will be eliminated in 2021 when sufficient revenues are available to reimburse the Reserve Fund. The Commission authorized a loan from the Reserve Fund to the Highway and Traffic Fund for the purchase of necessary equipment to maintain roads and bridges with the expectation that the amount be reimbursed in full when revenues become available.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### **Note 3 – Deposits and Investments**

##### **A. Deposits**

The custodial credit risk for deposits is the risk that, in the event of a bank failure, the Commission will not be able to cover deposits or will not be able to recover collateral securities that are in the possession of an outside party. The Commission's deposits at year-end were entirely covered by federal depository insurance or by the Security for Alabama Funds Enhancement Program (SAFE Program). The SAFE Program was established by the Alabama Legislature and is governed by the provisions contained in the *Code of Alabama 1975*, Sections 41-14A-1 through 41-14A-14. Under the SAFE Program all public funds are protected through a collateral pool administered by the Alabama State Treasurer's Office. Under this program, financial institutions holding deposits of public funds must pledge securities as collateral against those deposits. In the event of failure of a financial institution, securities pledged by that financial institution would be liquidated by the State Treasurer to replace the public deposits not covered by the Federal Deposit Insurance Corporation (FDIC). If the securities pledged fail to produce adequate funds, every institution participating in the pool would share the liability for the remaining balance.

All of the Commission's investments were in certificates of deposit. These certificates of deposit are classified as "Deposits" in order to determine insurance and collateralization; however, they are classified as "Investments" on the financial statements.

##### **B. Cash With Fiscal Agent**

The *Code of Alabama 1975*, Section 11-8-11 and Section 11-81-20, authorizes the Commission to invest in obligations of the U. S. Treasury and federal agency securities along with certain pre-refunded public obligations such as bonds or other obligations of any state of the United States of America or any agency, instrumentality or local governmental unit of any such state.

As of September 30, 2020, the Commission had the following investments held by the Commission's Fiscal Agent.

Investments	Maturities	Amortized Cost
Fidelity Investments Money Market Treasury Only – Class III	Less than 1 year	\$72,911.05
Total		<u>\$72,911.05</u>

**Interest Rate Risk** – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Commission does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increased interest rates.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

**Credit Risk** – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. State law requires that pre-funded public obligations, such as any bonds or other obligations of any state of the United States of America or of any agency instrumentality or local governmental unit of any such state that the Commission invests in be rated in the highest rating category of Standard & Poor’s Corporation and Moody’s Investors Service, Inc. The Commission has no formal policy regarding credit risk. The Standard & Poor’s rating of the Commission’s Fidelity Investments Money Market Treasury Only – Class III investment is AAAm and the Moody’s rating is Aaa-mf.

**Custodial Credit Risk** – For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to cover the value of its investments or collateral securities that are in the possession of an outside party. The Commission does not have an investment policy, which limits the amount of securities that can be held by counterparties. The funds transferred to meet the Commission’s annual debt service are invested until payments are made.

**Concentrations of Credit Risk** – Concentration of credit risk is the risk of loss attributed to the magnitude of a government’s investment in a single issuer. The Commission does not have an investment policy, which limits the amount of exposure to this risk.

#### **Note 4 – Receivables**

On September 30, 2020, receivables for the Commission’s individual major funds and other governmental funds in the aggregate are as follows:

	General Fund	Gasoline Tax Fund	RRR Gasoline Tax Fund	Other Governmental Funds	Total Governmental Funds
Accounts Receivable	\$ 81,141.05	\$15,610.00	\$	\$	\$ 96,751.05
Due From Other Governments	422,912.43	65,521.43	64,620.13	59,033.30	612,087.29
Sales Tax Receivable	85,639.33				85,639.33
Total Receivables	<u>\$589,692.81</u>	<u>\$81,131.43</u>	<u>\$64,620.13</u>	<u>\$59,033.30</u>	<u>\$794,477.67</u>

E-911 Fund	
<b>Business-Type Activities:</b>	
Accounts Receivable	\$26,903.51
Total	<u>\$26,903.51</u>

#### **Note 6 – Defined Benefit Pension Plan**

##### **A. General Information about the Pension Plan**

###### **Plan Description**

The Employees' Retirement System of Alabama (ERS), an agent multiple-employer plan (the "Plan"), was established October 1, 1945 under the provisions of Act Number 515, Acts of Alabama 1945, for the purpose of providing retirement allowances and other specified benefits for state employees, State Police, and on an elective basis, to all cities, counties, towns and quasi-public organizations. The responsibility for the general administration and operation of ERS is vested in its Board of Control. The ERS Board of Control consists of 13 trustees. The Plan is administered by the Retirement Systems of Alabama (RSA). The *Code of Alabama 1975*, Section 36-27-2, grants the authority to establish and amend the benefit terms to the ERS Board of Control. The Plan issues a publicly available financial report that can be obtained at [www.rsa-al.gov](http://www.rsa-al.gov).

The ERS Board of Control consists of 13 trustees as follows:

- 1) The Governor, ex officio.
- 2) The State Treasurer, ex officio.
- 3) The State Personnel Director, ex officio.
- 4) The State Director of Finance, ex officio.
- 5) Three vested members of ERS appointed by the Governor for a term of four years, no two of whom are from the same department of state government nor from any department of which an ex officio trustee is the head.
- 6) Six members of ERS who are elected by members from the same category of ERS for a term of four years as follows:
  - a. Two retired members with one from the ranks of retired state employees and one from the ranks of retired employees of a county, city, or a public agency each of whom is an active beneficiary of ERS.
  - b. Two vested active state employees.
  - c. Two vested active employees of an employer participating in ERS pursuant to the *Code of Alabama 1975*, Section 36-27-6.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### **Benefits Provided**

State law establishes retirement benefits as well as death and disability benefits and any ad hoc increase in postretirement benefits for the ERS. Benefits for ERS members vest after 10 years of creditable service. State employees who retire after age 60 (52 for State Police) with 10 years or more of creditable service or with 25 years of service (regardless of age) are entitled to an annual retirement benefit, payable monthly for life. Local employees who retire after age 60 with 10 years or more of creditable service or with 25 or 30 years of service (regardless of age), depending on the particular entity's election, are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, members of the ERS (except State Police) are allowed 2.0125% of their average final compensation (highest 3 of the last 10 years) for each year of service. State Police are allowed 2.875% for each year of State Police service in computing the formula method.

Act Number 2012-377, Acts of Alabama, established a new tier of benefits (Tier 2) for members hired on or after January 1, 2013. Tier 2 ERS members are eligible for retirement after age 62 (56 for State Police) with 10 years or more of creditable service and are entitled to an annual retirement benefit, payable monthly for life. Service and disability retirement benefits are based on a guaranteed minimum or a formula method, with the member receiving payment under the method that yields the highest monthly benefit. Under the formula method, Tier 2 members of the ERS (except State Police) are allowed 1.65% of their average final compensation (highest 5 of the last 10 years) for each year of service. State Police are allowed 2.375% for each year of state police service in computing the formula method.

Members are eligible for disability retirement if they have 10 years of creditable service, are currently in-service, and determined by the RSA Medical Board to be permanently incapacitated from further performance of duty. Preretirement death benefits equal to the annual earnable compensation of the member as reported to the Plan for the preceding year ending September 30th are paid to the beneficiary.

The ERS serves approximately 907 local participating employers. The ERS membership includes approximately 93,986 participants. As of September 30, 2019, membership consisted of:

Retirees and beneficiaries currently receiving benefits	25,871
Terminated employees entitled to but not yet receiving benefits	1,794
Terminated employees not entitled to a benefit	11,001
Active Members	55,222
Post-DROP participants who are still in active service	98
Total	<u>93,986</u>

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### Contributions

Tier 1 covered members of the ERS contributed 5% of earnable compensation to the ERS as required by statute until September 30, 2011. From October 1, 2011 to September 30, 2012, covered members of the ERS were required by statute to contribute 7.25% of earnable compensation. Effective October 1, 2012, covered members of the ERS are required by statute to contribute 7.50% of earnable compensation. Certified law enforcement, correctional officers, and firefighters of the ERS contributed 6% of earnable compensation as required by statute until September 30, 2011. From October 1, 2011 to September 30, 2012, certified law enforcement, correctional officers, and firefighters of the ERS were required by statute to contribute 8.25% of earnable compensation. Effective October 1, 2012, certified law enforcement, correctional officers, and firefighters of the ERS are required by statute to contribute 8.50% of earnable compensation. State Police of the ERS contribute 10% of earnable compensation. ERS local participating employers are not required by statute to increase contribution rates for their members.

Tier 2 covered members of the ERS contribute 6% of earnable compensation to the ERS as required by statute. Tier 2 certified law enforcement, correctional officers, and firefighters of the ERS are required by statute to contribute 7% of earnable compensation. Tier 2 State Police members of the ERS contribute 10% of earnable compensation. These contributions rates are the same for Tier 2 covered members of ERS local participating employers.

The ERS establishes rates based upon an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by employees during the year with additional amounts to finance any unfunded accrued liability, the preretirement death benefit, and administrative expenses of the Plan. For the year ended September 30, 2020, the Commission's active employee contribution rate was 5.55% of covered employee payroll, and the Commission's average contribution rate to fund the normal and accrued liability costs was 3.34% of pensionable payroll.

The Commission's contractually required contribution rate for the year ended September 30, 2020, was 4.89% of pensionable pay for Tier 1 employees, and 1.49% of pensionable pay for Tier 2 employees. These required contribution rates are based upon the actuarial valuation as of September 30, 2017, a percent of annual pensionable payroll, and actuarially determined as an amount that, when combined with member contributions, is expected to finance the costs of benefits earned by members during the year, with an additional amount to finance any unfunded accrued liability. Total employer contributions to the pension plan from the Commission were \$99,799.11 for the year ended September 30, 2020.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### **B. Net Pension Liability**

The Commission's net pension liability was measured as of September 30, 2019, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of September 30, 2018, rolled forward to September 30, 2019, using standard roll-forward techniques as shown in the following table:

	Total Pension Liability Roll-Forward	
	Expected	Actual
(a) Total Pension Liability as of September 30, 2018	\$8,239,519	\$8,111,912
(b) Discount Rate	7.70%	7.70%
(c) Entry Age Normal Cost for October 1, 2018 - September 30, 2019	230,569	230,569
(d) Transfers Among Employers		(7,895)
(e) Actual Benefit Payments and Refunds for October 1, 2018 - September 30, 2019	(459,900)	(459,900)
(f) Total Pension Liability as of September 30, 2019 = [(a) x (1+(b))] + (c) + (d) + [(e) x (1 + 0.5*(b))]	<u>\$8,626,925</u>	<u>\$8,481,597</u>
(g) Difference Between Expected and Actual		\$ (145,328)
(h) Less Liability Transferred for Immediate Recognition		(7,895)
(i) Experience (Gain)/Loss = (g) - (h)		<u>\$ (137,433)</u>

#### **Actuarial Assumptions**

The total pension liability as of September 30, 2019, was determined based on the annual actuarial funding valuation report prepared as of September 30, 2018, which was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75%
Salary Increases	3.25% - 5.00%
Investment Rate of Return (*)	7.70%
(*) Net of pension plan investment expense, including inflation	

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

Mortality rates for ERS were based on the sex distinct RP-2000 Blue Collar Mortality Table Projected with Scale BB to 2020 with an adjustment of 125% at all ages for males and 120% for females at ages on and after age 78. The rates of mortality for the period after disability retirement are according to the sex distinct RP-2000 Disabled Retiree Mortality Table Projected with Scale BB to 2020 with an adjustment of 130% at all ages for females.

The actuarial assumptions used in the actuarial valuation as of September 30, 2018, were based on the results of an investigation of the economic and demographic experience for the ERS based upon participant data as of September 30, 2015. The Board of Control accepted and approved these changes in September 2016, which became effective at the beginning of fiscal year 2016.

The long-term expected rate of return on pension plan investments was determined using a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target asset allocation and best estimates of geometric real rates of return for each major asset class are as follows:

	Target Allocation	Long-Term Expected Rate of Return (*)
Fixed Income	17.00%	4.40%
U. S. Large Stocks	32.00%	8.00%
U. S. Mid Stocks	9.00%	10.00%
U. S. Small Stocks	4.00%	11.00%
International Developed Market Stocks	12.00%	9.50%
International Emerging Market Stocks	3.00%	11.00%
Alternatives	10.00%	10.10%
Real Estate	10.00%	7.50%
Cash Equivalents	3.00%	1.50%
Total	<u>100.00%</u>	
(*) Includes assumed rate of inflation of 2.50%.		

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### Discount Rate

The discount rate used to measure the total pension liability was the long-term rate of return, 7.70%. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that the employer contributions will be made in accordance with the funding policy adopted by the ERS Board of Control. Based on those assumptions, components of the pension plan's fiduciary net position were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### C. Changes in Net Pension Liability

	Increase (Decrease)		
	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (Asset) (a)-(b)
Balances at September 30, 2018	\$8,239,519	\$8,350,005	\$(110,486)
Changes for the Year:			
Service Cost	230,569		230,569
Interest	616,737		616,737
Differences Between Expected and Actual Experience	(137,433)		(137,433)
Contributions – Employer		111,640	(111,640)
Contributions – Employee		159,675	(159,675)
Net Investment Income		211,889	(211,889)
Benefit Payments, including Refunds of Employee Contributions	(459,900)	(459,900)	
Transfers among Employers	(7,895)	(7,895)	
Net Changes	242,078	15,409	226,669
Balances at September 30, 2019	\$8,481,597	\$8,365,414	\$ 116,183

---

## ***Notes to the Financial Statements***

### ***For the Year Ended September 30, 2020***

---

#### **Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

The following table presents the Commission's net pension liability calculated using the discount rate of 7.70%, as well as what the Commission's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.70%) or 1-percentage point higher (8.70%) than the current rate:

	1% Decrease (6.70%)	Current Rate (7.70%)	1% Increase (8.70%)
Commission's Net Pension Liability (Asset)	\$1,139,070	\$116,183	\$(743,547)

#### **Pension Plan Fiduciary Net Position**

Detailed information about the pension plan's fiduciary net position is available in the separately issued RSA Comprehensive Annual Report for the fiscal year ended September 30, 2019. The supporting actuarial information is included in the GASB Statement Number 68 Report for the ERS prepared as of September 30, 2019. The auditor's report dated August 27, 2020, on the Schedule of Changes in Fiduciary Net Position by Employer and accompanying notes is also available. The additional financial and actuarial information is available at <http://www.rsa-al.gov>.

#### **D. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions**

For the year ended September 30, 2020, the Commission recognized pension expense of \$70,020. At September 30, 2020, the Commission reported deferred outflows of resources and deferred inflows of resources related to pensions of the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$121,601.00	\$442,487.00
Changes of assumptions	113,272.00	
Net difference between projected and actual earnings on pension plan investments	103,563.00	
Employer contributions subsequent to the measurement date	99,799.11	
Total	<u>\$438,235.11</u>	<u>\$442,487.00</u>

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

The \$99,799.11 reported as deferred outflows of resources related to pensions resulting from Commission contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended September 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending:	
September 30, 2021	\$(71,869)
2022	\$(43,548)
2023	\$ 27,957
2024	\$ 8,192
2025	\$(22,530)
Thereafter	\$ (2,253)

#### **Note 7 – Pollution Remediation**

During 2014, an underground fuel system gasoline leak was discovered on the construction yard of the County Engineer/Public Works Division. Immediately after the discovery, the fuel pumps were closed, and remedial actions began. A pollution remediation obligation has been estimated and reported in Exhibits 1 and 2 of the financial statements for the implementation of corrective actions. These obligations are categorized in the EPA “Clean Water Rule” Federal Water Pollution Control Act, 33 U. S.C. 1251, *et seq.*, including Sections 3301, 304, 311, 401, 402, 404, and 501, and the Alabama Department of Environmental Management, Water Division’s Water Quality Program, Chapter 335-6-15 Technical Standards, Corrective Action Requirements and Financial Responsibility for Owners and Operators of Underground Storage Tanks, along with the Alabama Water Pollution Control Act, listed in the ***Code of Alabama 1975***, Section 22-22-1 through 22. The Commission’s reported pollution remediation liability is an estimate provided by Mr. Michael Doran, Principal Scientist, of Southeast Environmental Compliance. The corrective action items were based on the ADEM Corrective Action requirements for AST sites. The estimate consists of the preparation of a Corrective Action Plan, installation of recovery wells, installation of recovery system piping for new wells and DPVE, disposal of petroleum contaminated stockpile, completion of the Risk Assessment Evaluation, tri-annual GW monitoring and operations and maintenance for one system, burial of existing recovery system piping, purchase of two new DPVE systems, rental of a thermal oxidizer, and the DPVE systems maintenance costs. The pollution remediation liability is subject to change due to changes in the cost of goods and services, changes in technology, or changes in laws and regulations governing the remediation effort. ADEM may require additional corrective actions to be completed if the groundwater quality does not reach the site-specific goals as calculated by the ARBCA risk assessment. The site has been deemed eligible for participation in the Alabama Storage Tank Trust Fund for Pollution Remediation efforts, and an agreement has been made with PPM for the continued managing of the associated costs and funding. The County has no knowledge of any additional recovery programs for leaking storage tank sites; therefore, no recovery estimates have been applied at this time.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

The following is a schedule of the estimated pollution remediation costs:

Fiscal Year Ending	Pollution Remediation	
	Estimates	Actual
September 30, 2015	\$243,300.00	\$226,846.08
2016	291,500.00	595,058.03
2017	107,000.00	67,938.39
2018	85,000.00	
2019	87,000.00	
2020	90,000.00	
2021	90,000.00	
Totals	\$993,800.00	\$889,842.50

#### **Note 8 – Long-Term Debt**

In August 2004, General Obligation Warrants, Series 2004, with fixed interest rates of 3.50 to 4.80 percent were issued to advance refund \$2,050,000 of the Cleburne County Public Building Authority's Revenue Warrants (County Jail Project), Series 2000. In May 2014, General Obligation Warrants, Series 2014 were issued to refund \$1,920,000 of the Cleburne County Public Building Authority's Revenue Warrants (County Jail Project), Series 2004. In the event of default, whether due to failure to comply with terms and conditions of the Warrants, the commencement of bankruptcy or similar proceedings by or against the County, or failure to pay amounts due on the Warrants, the Holders of the Series 2014 Warrants shall have the right to commence proceedings for mandamus or other equitable relief to protect their or its rights pursuant to this resolution.

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

The following is a summary of long-term debt transactions for the Commission for the year ended September 30, 2020:

	Debt Outstanding 10/01/2019	Issued/ Increased	Repaid/ Decreased	Debt Outstanding 09/30/2020	Amounts Due Within One Year
<u>Governmental Activities:</u>					
Warrants Payable:					
General Obligation Warrants, Series 2014	\$1,010,000.00	\$	\$(195,000.00)	\$ 815,000.00	\$200,000.00
Add: Unamortized Premium	9,780.12		(2,095.74)	7,684.38	2,095.74
Total Warrants Payable	1,019,780.12		(197,095.74)	822,684.38	202,095.74
<u>Other Liabilities:</u>					
Estimated Liability for Pollution Remediation	103,957.50			103,957.50	
Estimated Liability for Compensated Absence	252,977.59		(20,251.80)	232,725.79	21,371.19
Net Pension Liability/(Asset)	(88,942.96)	205,114.56		116,171.60	
Total Other Liabilities	267,992.13	205,114.56	(20,251.80)	452,854.89	21,371.19
Total Governmental Activities	1,287,772.25	205,114.56	(217,347.54)	1,275,539.27	223,466.93
<u>Business-Type Activities: (See Note 9)</u>					
Net Pension Liability		21,554.44	(21,543.04)	11.40	
Total Business-Type Activities		21,554.44	(21,543.04)	11.40	
<u>Private-Purpose Trust Funds: (See Note 9)</u>					
Net Pension Liability/(Asset)	(21,543.04)	21,543.04			
Total Private-Purpose Trust Funds	(21,543.04)	21,543.04			
Total Long-Term Liabilities	\$1,266,229.21	\$248,212.04	\$(238,890.58)	\$1,275,550.67	\$223,466.93

The compensated absences liability attributable to the governmental activities will be liquidated by the Commission's Leave Accrual Fund, which is included, for reporting purposes, in the General Fund. Each pay period, each fund pays that pay period's leave accrual amount into the Leave Accrual Fund, thus all liability is accumulated here, with no residual amounts in the individual funds. When the Commission initiated this practice on October 1, 2009, each fund's current balance was calculated and paid into the fund over the next three fiscal years. The payments made to the Leave Accrual Fund are based on each employee's earned vacation and sick time multiplied by that employee's pay rate.

---

***Notes to the Financial Statements***  
***For the Year Ended September 30, 2020***

---

The following is a schedule of debt service requirements to maturity:

Fiscal Year Ending	Governmental Activities		Total Principal and Interest Requirements to Maturity
	General Obligation Warrants Series 2014		
	Principal	Interest	
September 30, 2021	\$200,000.00	\$18,732.50	\$218,732.50
2022	200,000.00	14,732.50	214,732.50
2023	205,000.00	10,482.50	215,482.50
2024	210,000.00	5,460.00	215,460.00
Totals	\$815,000.00	\$49,407.50	\$864,407.50

**Deferred Outflows on Refunding and Premiums**

The Commission has warrant premiums and a deferred loss on refunding in connection with the issuance of its 2014 General Obligation Warrants that are being amortized using the straight-line method over a period of ten years.

	Deferred Outflows on Refunding	Premium
Total Deferred Outflows on Refunding and Premium	\$158,327.65	\$ 20,258.82
Amount Amortized Prior Years	(83,330.35)	(10,478.70)
Balance Deferred Outflows on Refunding and Premium	74,997.30	9,780.12
Current Amount Amortized	(16,666.07)	(2,095.74)
Balance Deferred Outflows on Refunding and Premium	\$ 58,331.23	\$ 7,684.38

**Note 9 – Special Item**

On November 20, 2019, the Board of Commissioners of the Cleburne County Emergency Communications District Board, which was in charge of overseeing the providing of E-911 and central dispatching services for the county as defined in Section 11-98 of the ***Code of Alabama***, voted to dissolve the Board. On December 9, 2019, the Commission approved transfer of oversight and responsibility for the emergency communications district, at which time the amount of \$598,148.47 was transferred from the Fiduciary Fund as a special item and is now reported as a Proprietary Fund.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### **Note 10 – Risk Management**

The Commission is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Commission participates in the Alabama County Commissioners Association (ACCA) Liability Self-Insurance Fund, Inc. for standard and cyber liability and property coverage. Coverage is provided up to \$1,000,000 per occurrence with a \$3,000,000 aggregate limit and \$225,000 equitable defense costs. Employment-related practices damage protection is limited to \$1,000,000 per incident with a \$5,000 deductible and unlimited defense costs. County specific coverages and limits can be added by endorsement.

The Commission has workers' compensation insurance through the Association of County Commissions of Alabama (ACCA) Workers' Compensation Self-Insurance Fund, a public entity risk pool. The premium level for the Fund is calculated to adequately cover the anticipated losses and expenses of the Fund. Fund rates are calculated for each job class based on the current NCCI Alabama loss costs and a loss cost modifier to meet the required premiums of the Fund. Member premiums are then calculated on a rate per \$100 of estimated remuneration for each job class, which is adjusted by an experience modifier for the individual county. The Commission may qualify for additional discounts based on losses and premium size. Pool participants are eligible to receive refunds of unused premiums and the related investment earnings.

The Commission purchases commercial insurance for its other risks of loss, including property and casualty insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years. The Commission has employee health insurance coverage through the Local Government Health Insurance Program, administered by the State Employee's Health Insurance Board (SEHIB). They may participate in a plan administered by Blue Cross/Blue Shield which functions as a public entity risk pool. This plan is self-sustaining through member premiums. Monthly premiums are determined annually by the plan's actuary and are based on the pool's claims experience, considering any remaining fund balance on hand available for claims.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

The Commission is self-insured with regard to vision insurance. Employees and family members covered by the Blue Cross health care plan automatically receive county vision care services. A flat contribution (set by the Commission) is paid into the program each month for each employee. Coverage is provided at 80 percent of actual costs up to \$300 per calendar year per individual except for refractive services. Effective May 15, 2006, the Commission provided coverage for refractive surgery at 80% of actual costs up to \$1,000 per eye. This is a lifetime benefit.

Fiscal Years	Beginning of Fiscal Year Liability	Current Year Claims and Changes in Estimates	Claim Payments	Balance at Fiscal Year-End
2017-2018	\$	\$5,168.93	\$5,168.93	\$
2018-2019	\$	\$7,853.65	\$7,853.65	\$
2019-2020	\$	\$4,222.19	\$4,222.19	\$

#### **Note 11 – Interfund Transactions**

##### **Interfund Receivables and Payables**

The amounts of interfund payables and receivables during the fiscal year ended September 30, 2020, were as follows:

	Due to Other Funds
	Other Governmental Funds
<u>Due from Other Funds:</u>	
General Fund	\$136,793.19
Total Governmental Funds	<u>\$136,793.19</u>

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### **Interfund Transfers**

The amounts of interfund transfers during fiscal year ended September 30, 2020, were as follows:

	Transfers Out		
	General Fund	Other Governmental Funds	Totals
<b>Transfers In:</b>			
General Fund	\$	\$ 26,552.36	\$ 26,552.36
Gasoline Tax Fund	134,800.12		134,800.12
Other Governmental Funds		217,230.60	217,230.60
Totals	<u>\$134,800.12</u>	<u>\$243,782.96</u>	<u>\$378,583.08</u>

The Commission typically used transfers to fund ongoing operating subsidies and to transfer the portion from the Capital Improvement Fund to the Debt Service Funds to service current-year debt requirements.

#### **Note 12 – Related Organizations**

A majority of the members of the following agencies are appointed by the Commission: Cleburne County Library Board, Cleburne County Public Building Authority, Cleburne County Department of Human Resources Board, Cleburne County Hospital Board, Cleburne County Mental Health Board, Cleburne County Governmental Utility Service Corporation, and Cleburne County Water Authority. The Commission, however, is not financially accountable because it does not impose its will and have a financial benefit or burden relationship for these agencies, and the agencies are not considered part of the Commission's financial reporting entity. These agencies are considered related organizations of the County Commission.

#### **Note 13 – Tax Abatements**

The Commission provides tax abatements through one program – The Tax Incentive Reform Act of 1992 Chapter 9B Abatements for New and Expanding Projects, Including Upgrades (*Code of Alabama 1975*, Section 40-9B-1).

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

The Tax Incentive Reform Act of 1992 Chapter 9B offers tax abatements as an incentive for economic development related to qualifying projects that constitute an “industrial, warehousing, or research activity.” This gives cities, counties, and public industrial authorities the ability to abate the following for new and expanding qualifying projects:

- ◆ State sales and use taxes
- ◆ Non-educational county and city sales and use taxes
- ◆ Non-educational state, county, and city property taxes – up to 20 years (except data processing centers which can be abated for up to 30 years)
- ◆ Mortgage and recording taxes to which property is conveyed into or out of a public authority, city or county government
- ◆ Data processing centers can receive abatements as follows:
  - ✓ Property tax abatement for 10 years from and after the date the private use property becomes owned for federal income tax purposes for projects that invest up to \$200,000,000 within 10 years from the commencement of the project. Sales and use tax abatements can also be abated for the same 10-year period based on the same investment thresholds.
  - ✓ Property tax abatement for 20 years from and after the date the private use property becomes owned for federal income tax purposes for projects that invest over \$200,000,000 but less than \$400,000,000 within 10 years from the commencement of the project. Sales and use tax abatements can also be abated for the same 20-year period based on the same investment thresholds.
  - ✓ Property tax abatement for 30 years from and after the date the private use property becomes owned for federal income tax purposes for projects that invest over \$200,000,000 within 10 years from the commencement of the project and exceed \$400,000,000 within 20 years from the commencement of the project. Sales and use tax abatements can also be abated for the same 30-year period based on the same investment thresholds.

To receive abatements for any or all of these taxes, a project must meet certain qualifications and follow certain procedures, as determined by law and regulation. County property tax revenues and business personal property taxes were reduced by \$13,203.00 under economic development agreements entered into by the City of Heflin Industrial Development Board for fiscal year 2020.

---

## *Notes to the Financial Statements*

### *For the Year Ended September 30, 2020*

---

#### **Note 14 – Construction and Other Significant Commitments**

As of September 30, 2020, the Commission was obligated under the following significant construction contracts:

	Contract Amount	Remaining Balance
CR50 Bridge Replacement	\$526,819.20	\$2,620.86

#### **Note 15 – Restatements**

According to Governmental Accounting Standards Board (GASB) Statement Number 54, Fund Balance Reporting and Governmental Fund Type Definitions, “Governments should discontinue reporting a special revenue fund, and instead report the fund’s remaining resources in the general fund, if the government no longer expects that a substantial portion of the inflows will derive from restricted or committed revenue sources.” In previous years, the Commission reported the Sheriff’s Department Fund and Sheriff’s Drug Fund in the General Fund due to the belief that there was not a substantial amount of restricted revenues into these Funds; however, after further analysis in fiscal year 2020, it was determined these Funds should have been reported as Special Revenue Funds, since a substantial portion of the funds’ inflows are derived from restricted revenue sources. This requires a restatement of the beginning balances for the General Fund and Other Governmental Funds (where these Funds are now reported). There is no effect on total beginning balances.

	General Fund	Gasoline Tax Fund	RRR Gasoline Tax Fund	Revenue Commissioner's Operational Fund	Other Governmental Funds	Total
Fund Balance, September 30, 2019, as Previously Reported	\$3,111,820.35	\$688,926.26	\$327,043.48	\$	\$252,069.96	\$4,379,860.25
Fund Restatements: Prior Period Reclassification of Funds	(73,124.48)				73,124.48	
Fund Balance, September 30, 2019, as Restated	\$3,038,696.07	\$688,926.26	\$327,043.48	\$	\$325,194.44	\$4,379,860.25

Covered payroll (**)	\$ 2,988,100	\$ 2,887,312	\$ 2,961,660	\$ 2,921,698	\$ 2,934,882	\$ 2,866,362	\$ 2,876,640
Contributions as a percentage of covered payroll	3.34%	3.87%	4.13%	3.65%	4.14%	4.74%	4.77%

(\*) The amount of employer contributions related to normal and accrued liability components of employer rate net of any refunds or error service payments. The Schedule of Employer's Contributions is based on the 12 month period of the underlying financial statement.

(\*\*) Employer's covered payroll for fiscal year 2020 is the total covered payroll for the 12 month period of the underlying financial statement.

**Notes to Schedule**

**Valuation date:**

Actuarially determined contribution rates are calculated as of September 30, three years prior to the end of the fiscal year in which contributions are reported. Contributions for fiscal year 2020 were based on the September 30, 2017 actuarial valuation.

**Methods and assumptions used to determine contribution rates:**

Actuarial cost method	Entry Age
Amortization method	Level percent closed
Remaining amortization period	8.1 years
Asset valuation method	Five year smoothed market
Inflation	2.75%
Salary increases	3.25 - 5.00%, including inflation
Investment rate of return	7.75%, net of pension plan investment expense, including inflation

This schedule is intended to show information for 10 years. Additional years will be displayed as they become available.

***Budget and Actual - General Fund***  
***For the Year Ended September 30, 2020***

---

**Explanation of Differences between Actual Amounts on Budgetary Basis and Actual Amounts GAAP Basis:**

Some amounts are combined with the General Fund for reporting purposes, but are budgeted separately.

(1) Revenues	
Public Roads, Buildings and Bridges Fund	\$ 322,622.79
(2) Other Financing Sources	
Public Roads, Buildings and Bridges Fund	<u>(313,140.00)</u>
(3) Net Change in Fund Balance - Budget to GAAP	<u>\$ 9,482.79</u>
(4) The amount reported as "fund balance" on the budgetary basis of accounting derives from the basis of accounting used in preparing the Commission's budget. This amount differs from the fund balance reported in the Statement of Revenues, Expenditures and Changes in Fund Balances because of the effect of transactions such as those described above.

---

***Notes to the Schedule of Expenditures  
of Federal Awards  
For the Year Ended September 30, 2020***

---

**Note 1 – Basis of Presentation**

The accompanying Schedule of Expenditures of Federal Awards (the “Schedule”) includes the federal award activity of the Cleburne County Commission (the “Commission”) under programs of the federal government for the year ended September 30, 2020. The information in this Schedule is presented in accordance with the requirements of Title 2 U. S. ***Code of Federal Regulations*** Part 200, ***Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)***. Because the Schedule presents only a selected portion of the operations of the Commission, it is not intended to and does not present the financial position or changes in net position of the Commission.

**Note 2 – Summary of Significant Accounting Policies**

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the *Uniform Guidance* wherein certain types of expenditures are not allowable or are limited as to reimbursement. The Commission has elected not to use the 10-percent de minimis indirect cost rate as allowed in the *Uniform Guidance*.

# ***Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards***

---

## **Independent Auditor's Report**

Members of the Cleburne County Commission and County Administrator  
Heflin, Alabama

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in ***Government Auditing Standards*** issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Cleburne County Commission (the "Commission") as of and for the year ended September 30, 2020, and the related notes to the financial statements, which collectively comprise the Commission's basic financial statements, and have issued our report thereon dated September 28, 2021.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Commission's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

---

# ***Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards***

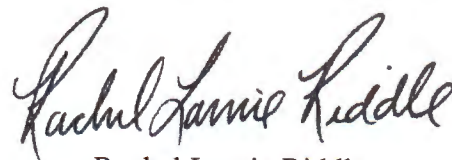

---

## **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Commission's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under ***Government Auditing Standards***.

## **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with ***Government Auditing Standards*** in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# ***Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance***

---

---

## **Independent Auditor's Report**

Members of the Cleburne County Commission and County Administrator  
Heflin, Alabama

### **Report on Compliance for Each Major Federal Program**

We have audited the Cleburne County Commission (the "Commission's") compliance with the types of compliance requirements described in the ***OMB Compliance Supplement*** that could have a direct and material effect on each of the Commission's major federal programs for the year ended September 30, 2020. The Commission's major federal programs are identified in the Summary of Examiner's Results Section of the accompanying Schedule of Findings and Questioned Costs.

### **Management's Responsibility**

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on compliance with each of the Commission's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in ***Government Auditing Standards***, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U. S. ***Code of Federal Regulations*** Part 200, ***Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)***. Those standards and the *Uniform Guidance* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Commission's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Commission's compliance.

---

## ***Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance Required by the Uniform Guidance***

---

### **Opinion on Each Major Federal Program**

In our opinion, the Commission complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2020.

### **Report on Internal Control Over Compliance**

Management of the Commission is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Commission's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the *Uniform Guidance*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Commission's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

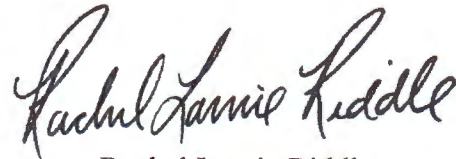

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## ***Schedule of Findings and Questioned Costs***

### ***For the Year Ended September 30, 2020***

---

#### **Section I – Summary of Examiner's Results**

##### **Financial Statements**

Type of report the auditor issued on whether the financial statements audited were prepared in accordance with GAAP:

Unmodified

Internal control over financial reporting:

Material weakness(es) identified?

\_\_\_\_\_ Yes      X   No

Significant deficiency(ies) identified?

\_\_\_\_\_ Yes      X   None reported

Noncompliance material to financial statements noted?

\_\_\_\_\_ Yes      X   No

##### **Federal Awards**

Internal control over major federal programs:

Material weakness(es) identified?

\_\_\_\_\_ Yes      X   No

Significant deficiency(ies) identified?

\_\_\_\_\_ Yes      X   None reported

Type of auditor's report issued on compliance for major federal programs:

Unmodified

Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a) of the *Uniform Guidance*?

\_\_\_\_\_ Yes      X   No

Identification of major federal programs:

CFDA Numbers	Name of Federal Program or Cluster
21.019	COVID-19 – Coronavirus Relief Fund
10.665	Schools and Roads – Grants to States

Dollar threshold used to distinguish between Type A and Type B programs:

\$750,000.00

Auditee qualified as low-risk auditee?

\_\_\_\_\_ Yes      X   No
